SUMMARY

An academy of excellence

An academy of values

A multicultural academy

School of the future

YKA offer

Focusing on four competencies

Knowledge, creativity and innovation

Exit profile

AN ACADEMY OF EXCELLENCE

Our school philosophy

- To raise the next generation of young leaders who will craft the future Africa of tomorrow
- To firmly root our children in the deep belief that a new type of critical global citizen will be required to navigate the new global village in which they will grow and become leaders

AN ACADEMY OF VALUES

The school values

- To be anchored in senegalese/local culture
- Communitarianism
- Solidarity
- Respect and human integrity
- Rootedness
- Ubuntu

The creation of a solid foundation for well-balanced children who are firmly rooted in the best of traditions but with their arms outstretched towards the world and other cultures.

A MULTICULTURAL ACADEMY

Where we:

- 1** **Respect the culture and religion of each child who comes through our doors**
- 2** **Embrace the socio-cultural identity of our children and their families**
- 3** **Ensure that your children feel right at home, and have an extension of the safe space where their self-esteem and confidence will be shaped for the rest of their life**

SCHOOL OF THE FUTURE

- The school itself is designed following international standards, using an open plan learning campus concept. State of the art classroom premises offer an enabling, bright and warm learning environment where our children can thrive and be nurtured to go out into the world as fully mature and balanced leaders..
- It is a green campus, built using ecologically-friendly materials (red brick, natural ventilation in our seaside location of Yenne), matched with the latest technology and learning equipment to enable their early access to STEM learning activities and skills development.
- All classrooms are set up as blended learning spaces with the latest e-learning technology to bring the world to our students, and our students to the world.

YKA OFFER

- **Bilingualism: Language of instruction 50% in English and 50% in French**
- **Individualized learning plans for each child, based on their learning needs**
- **Small class sizes with a maximum of 20 pupils/class**
- **Religious education and national languages with Quran and islamic studies, Wolof classes on offer**
- **Project-based approach e.g. construction of a pirogue**
- **Weekly educational and fun outings to discover Yenne and its surrounding area**
- **International Baccalaureate (IB) preparation**
- **Compulsory study time / tutoring**

FOCUSING ON FOUR COMPETENCIES

- Language instruction
- Humanities

- Sciences and STEM
- Sport and artistic expression

Language instruction

French
English
Wolof

Humanities

History Geography Citizenship
Environmental Education Entrepreneurship
and business development skills

Sciences and STEM

Robotics and coding initiation for early scientific education, to sow the seeds of our future African Einsteins who will lead the technical progress of the continent

Sport and artistic expression

Martial arts , basketball, soccer,
gymnastics, drawing, pottery, drama,
music, dance, poetry, storytelling

KNOWLEDGE, CREATIVITY AND INNOVATION

YKA also emphasizes

- Creativity. Innovation
- Entrepreneurship development skills
- Performing arts: Learning through song, drama and dance to promote public speaking and children's blossoming

In order to unleash the maximum potential of each child to contribute to the development of their community and their continent.

EXIT PROFILE

Our yka children, deeply rooted and open to the world, will leave equipped with sustainable human values and scientific knowledge that will enable them to shape the africa of tomorrow and contribute as global citizens to the future of the planet.
